Dry winters, hot and humid summers, poor diets, and stress contribute to a lifetime of wrinkles as well as dry, itchy skin that lacks luster and elasticity. And with the billion-dollar beauty industry producing chemical-laden products with preservatives and cancer-causing ingredients, it's hard to know where to turn to create healthy and vibrant skin. We'll look no further! You can truly do-it-yourself with homemade organic body and skin care recipes that will renew and rejuvenate your skin. All the ingredients in these books are completely organic and fortified to create a better, more healthy you. Learn the science behind your skin, the reasons you're plagued with dry skin and acne, and assist your skin on a cellular level with the perfect ingredients to match your difficulties. Each recipe included in these books contains only NATURAL, ORGANIC ingredients. The ingredients in this recipe book are completely natural. Look to your ordinary objects: your sugar and salt to scrape the dead cells for proper exfoliation; your avocado and banana to bring health and moisture to every living cell. This book allows you to understand the biology of your skin—the very reasons you are having trouble with acne and with flaky, dry skin. It gives you the immediate answers in the form of 4 books of easy, quick recipes. Your skin is your body's largest organ. It is your defence mechanism; it is the physical aspect you show to the world. Allow these recipes to guide you and put your fresh face forward! With these natural organic recipes, having beautiful, radiant skin is cost effective and easy!

Customer Reviews

I really enjoy this book, It has a great collection of recipes to make your own moisturizer to avoid those products full of chemicals that only damage our skin. For those of us that are continually searching for organic alternative to take care of ourself this book is a great inversion.

So many organic recipes a great set of books at a wonderful price!! I'm just starting making soaps, scrubs, lotions and butters. She answers lots of questions I had tells you what to get and sources to find them. I am so happy I got this boxed set. Just what I was looking for!!! ^

I was under the impression this was a whole "set" of books. This is one book. Content is good.

Love these books, tons of great recipes and step by step instructions. Great for a beginner or novice. Great information in all of them

This book is very informative. This is the first time I've made body butter and such so I'm very excited to learn more as I read through the whole book.

It isn't a "set", its one book divided into sections. I like the formulas though. Need more time to work my way through them.

This is definitely required thanks for realising this. A very helpful guide this includes body butter etc

....

I am just learning. Very informative, Beginners can understand and good recipes that soapers can make.
