My daughter LOVED this. She was in Pre-K4 and finished this book in a little over 2 months. This is the best book we have used for her. I recommend doing 5 pages per day as a workflow. On each

page you learn words that make up a story at the end. My daughter went from knowing about 50 sight words to reading "Green Eggs and Ham" independently in a matter of 4 weeks. If done everyday this book will skyrocket your kids vocabulary. About to order the 1st grade version. Great job, Great resource! I have not used the math version, but I just ordered it too. I will also review that when it comes.

I am not thrilled with the book 180 days of Reading for Kindergarten. We didn't start this book until half way through the kindergarten year. If we had started at the beginning of the year, it would have been way too hard. It is discouraging for a beginning student. I think this would be better suited for children at the end of their kindergarten year or early first grade year.

This book has great material. The problem is that there is no way a kindergarten child can complete these skills. The cd is great and very convenient, but it just isn't something I can use in kindergarten.

Love this book.

Absolutely recommended for students beginning in Kindergarten.
