This textbook was so liberal leaning it blew my mind away. I am down the middle on politics for the most part. But it's crazy how much college is skewed towards the left. Especially the last few chapters. Biased and brain washing.

It's your typical textbook. however, I will say that it is easy to read and understand and the little summaries at the end of the chapter are nice.

Required for my college course. Very informative book. Quick shipping.

currently using it for my class and it is very detailed and helpful.

Excellent text about the American correctional system.

used for school, useful as expected

Book was in very good condition
