Protecting Braden (Custos Securities Series Book 2)

Synopsis

Zavier "Cade" McCade, former Army Special Forces and creator of Custos Securities, finds himself in a situation he never thought he'd be in. He's fallen in love with Braden Cross, the gorgeous pastry chef he's guarding. Cade has lived his life as a protector: of his country, his family and friends, his clients, and now, the man he's in love with. He thrives in dangerous and stressful situations. But nothing could prepare him for Braden's decision to put himself in danger. After a vicious attack from his stalker leaves Braden fighting for his life, Cade will stop at nothing to see the man responsible punished. Time passes, but Braden's attacker hasn't given up and Cade's afraid he never will. As Cade and the most trusted members of Custos Securities track Braden's assailant, Braden struggles to rebuild his life and re-establish the fragile trust he and Cade had worked so hard to build. Braden knows if he's going to survive the chaos surrounding him, he's going to have to give Cade everything he has: mind, body, and soul. More determined than ever to hunt down the man that nearly killed the love of his life, Cade will do everything in his power to ensure that he and Braden will be able to live the life of their dreams with nothing and no one standing in their way. Meanwhile, hidden just out of their reach, an increasingly deranged stalker watches and waits.

The second half of Cade and Braden's tale. Loved it. The author took my few issues from the first book and rectified them, eclipsing my expectations. The characters drive this story. Braden wakes from his coma (SPOILERS) and Cade does his best to help his lover recover. Left anxiety-stricken and nervous, Braden is struggling for control and his new place in Cade's life. Cade is all in this time, and changes his whole universe to make things work with Braden. What I really love is Braden's perspective. He was victimized, but he overcame, and owned his survival. Cade is devoted, fierce, and powerful and what he does best is make Braden feel good about himself and loved. The bedrooms scenes are hot, the emotions are real and immediate, and the characters' and their chemistry is off the charts. Brilliant!

I really enjoyed the first one in the series and this one was nearly as good. The first one ends on a bit of a cliffhanger so I was anxiously awaiting this one to tie up the loose ends. Well it did more than that. You get to see how Braden heals and flourishes under Cade's protection - but not before they go through a bunch more tragedy. Cade too gets a lot of exploration and depth here. At times he is just too perfect - but he's a romance hero...he sorta has to be that way given the plot. LOL. The secondary characters are interesting and add a lot of flavor. If I had any feedback I would say there are times it is repetitive and too into the minutiae (meaning it can drag) - several times you feel like it is over but then it's like another whole chapter starts something new. I really feel like I know the characters - so appreciated a bit more time with them but it could use some editing in some of the scenes to make it sharper and more focused. I was looking forward to Sebastian and Gideon at least meeting in this one (or perhaps a "near miss" meeting to establish some tension for the next book). Gideon is definitely who I want to see. The epilogue was great - put the cherry on top of the sweet romance cake. A great new author to explore - and a bright and promising series!

A Great worth waiting for book. This one starts exactly where the previous one ended with Braden in the hospital and Cade beside him. What I like most about the book it's that every scene it's express thoroughly nothing it's kept to your own imagination. You are on that hospital scene from beginning

to end and that makes this a great book. Although the shorter scene might be when they finally catch up with the bad guy, I think it will be kind of redundant to make a long scene when you have it in the previous book. So considering everything even that was well planned and done. Cade continues to be a big protector and a total hunk and Braden still is the same and Mason character that we met previously. We get a little bit of insight into the Mccade family which they sound pretty awesome. We meet great new characters like the psychiatrist Gabriel, the Mckade entire family, Sebastian the police artist and of course we catch up with a few other characters. So if you want to read a little bit of action, passion, drama, romance and thrills you definitely need to grab a copy and read it!! Happy reading! PS. as soon this New character appeared I knew he was perfect for one of the Mckade brothers and I wasn't disappointed when at the end of the book you know that the next book it will be about them!!!

Sigh, I wish everyone could have a love like Braden and Cade. What an amazingly beautiful relationship they have. So much love, passion, and respect. I enjoyed taking this journey with them. I loved the suspense, action and mystery of their story but the romance was just perfect. And oh my, can Luna David write a love scene! Wow!Luna David really came into her own with this one. Her writing was very much improved from the first book, as the words just flowed. I really like how detailed her writing is. The characters are fantastic, with great character growth.I love this whole group and am looking forward to more of them. This series is only going to get better, I can't wait.I would definitely recommend! 5 stars

Before I start you must read Book 1 first (Trusting Cade).This book is amazing it hooks you in straight away as the first book left you hanging, poor Braiden had been through so much and Cade was trying to protect him from an ex. This story continues with their life and the obstacles they have to overcome some very trying. I cannot recommend this series enough it will definitely be on my to-be-read again list. Please don't past this series up you will not be sorry.

I didn't want this to end, I really didn't. It was beautiful, sexy, hot, romantic, angsty, and a little frustrating...lol. I could and would of strangled Braden maybe once or twice.. But his 'antics' made the story what it was, and that scene at the hospital with Cade, Gideon and Cooper, my god, I read it 5 times... Congrats Luna, and please be quick with book 3...

I have been waiting for this sequel, it seems forever, and I am certainly not disappointed. I couldn't

put it down and read into the early hours of the morning, before I couldn't keep my eyes focused. Woke up at 6am and went straight for it, needing to know what happened. What a joyous ending to a truly momentous ride through these guys amazing journey. Packed with terror, humour, heartbreak, joy and love. Again you have me hooked for book 3. Hope the wait isn't too long.
